What is the difference between a funeral plan and a life plan?

Funeral plans are designed to help take care of funeral expenses, while the Life Plan helps to take care of your loved ones after the funeral. Our Life Plan pays out up to R200,000, more than what a Funeral plan can pay.

Will I have time to review my documents?

Yes, you have 30 days to review your policy. If you are not satisfied, you have the right to return or cancel your policy.

Why is it important to pay my premiums every month?

If you skip a few premiums your policy could lapse. To ensure you are covered at all times, pay your premiums every month and your loved ones will remain financially protected.
